## SKILLS

- **Programming Languages:** Java, Python, C, C++, JavaScript
- **Web Development:** HTML, CSS, Node.js, Express.js, Tailwind CSS, React.js
- **Databases:** MySQL, MongoDB
- **Developer Tools:** GitHub, Postman
- **Technical Skills:** Data Structures & Algorithms, API Development, Full-Stack Development

## TRAINING

- Board Infinity | Summer Training in Data Structures & Algorithms (DSA)** May 2024 – July 2024
- Completed a 6-week intensive training on DSA using Java, solving 250+ coding problems.
  - Gained expertise in sorting algorithms, recursion, graph theory, dynamic programming, and system design.
  - Ranked top 10% among peers in coding challenges and assessments.

## PROJECTS

- E-Commerce Website | MERN Stack, Responsive Web Design** Aug 2024 - Dec 2024
- Developed a fully functional e-commerce platform using the MERN stack, enabling seamless product browsing, user authentication, and a secure checkout process.
  - React.js, Node.js, Express.js, MongoDB, Redux, JWT Authentication, and Bootstrap.
  - Improved backend development and database management skills through CRUD operations and authentication.
  - Enhanced user experience by ensuring faster load times and a mobile-friendly design.
- Online Quiz Website | REACT and PHP, Responsive Web Design** Jan 2024 - May 2024
- Designed and built an interactive quiz platform with real-time scoring and user authentication.
  - Implemented MongoDB for efficient question management and data retrieval.
  - Developed using React and PHP, ensuring smooth full-stack integration.
  - Ensured responsive UI for a seamless experience across devices.
- Tour and Travel Website | MERN Stack, Responsive Web Design** Jan 2024 - May 2024
- Created a user-friendly tour and travel website using the MERN stack, allowing users to explore destinations, book trips, and get travel recommendation.
  - Utilized MongoDB for handling dynamic content and user data.
  - Implemented Google Maps API for accurate location-based suggestions, increasing user engagement.
  - Improved mobile responsiveness and accessibility for better user engagement.

## CERTIFICATES

- Achieved 72% marks in Cloud Computing by NPTEL Certification July 2024 – Oct 2024
- Completed 6-week course of BOARD INFINITY on DSA in Java May 2024 – Jul 2024
- Certified by Coursera in Node.js and Analysis of Algorithms Jan 2024 – May 2024
- Accomplished DSA using C and C++ by Udemy Jun 2023 – Dec 2023
- Certified by Coursera in HTML, CSS, and JavaScript for Web Developers Sep 2022 – Dec 2022

## ACHIEVEMENTS

- Solved 450+ challenges on NeoColab in C++ and DSA.
- Solved 100+ problems on LeetCode, demonstrating strong algorithmic skills.
- Solved 50+ problems on GeeksForGeeks, improving coding proficiency.
- Attended a Web Development Hackathon, building a functional web-based solution in 24 hours.
- Taught underprivileged children with Prayatna NGO and received Mayor Certification for contribution to education.

## EDUCATION

- Lovely Professional University, Punjab** Since 2022  
Bachelor of Technology in Computer Science and Engineering
- Global International School, Muzaffarpur** June 2020 - July 2022  
Intermediate (Science, CBSE Board)
- SRT Public School, Muzaffarpur** Apr 2019 - May 2020  
Matriculation (Science, CBSE Board)
